

## IG Asia 2020

**Southeast Asia's 1st International Exhibition for Technology, Supply and Services for Industrial Gases Production, Storage & Distribution**

**Concurrent Event : IG Asia Market and Investment Conference**

# 1-2 September 2020

Makkasan Expo Halls, Bangkok, Thailand

IG Asia 2020, the Southeast Asian industrial gases exhibition and conference, embraces the regional opportunities of an important year as global markets invest heavily into medical gases, Asian investment continues to rapidly expand, plus 2020 sees the signing of the game-changing RCEP Agreement, the world's largest economic trading zone, terms agreed last year in Bangkok.

## Regional Opportunities for Industrial Gases in ASEAN

From the outset of 2020 the global supply of Oxygen and equipment has taken a key role in the medical sector with many new capabilities and response requirements being quickly catered to and an impressive industry response providing critical solutions. The global need, supply and response to industrial gases does not begin here of course, Asian investment has been at the forefront of the industry for the last decade with Yingde's US\$ 1 billion investment into India being a prime example. Future expansion and opportunities are also assured with the sixteen country member signing of the Regional Comprehensive Economic Partnership (RCEP) set to be completed in 2020.

The RCEP Agreement is to become the world's largest free trade community accounting for almost half of the world's population and the most diverse membership structure and immense potential for development and trade set outside the European and US market zones. The Agreement was initiated by ASEAN and invites Australia, China, India, Japan, South Korea and New Zealand to participate. It involves a free trade zone of US\$29 trillion in GDP and US\$5.6 trillion in exports, accounting for about 30% of the global trade total.

In 2020, Thailand is also the host of the first Southeast Asian International Exhibition for Industrial Gases Production, Storage and Distribution, IG Asia 2020, held at Makkasan Expo Halls in Bangkok from 27-28 May, get in touch and secure your place at Asia's most important international industry event.

## CIMC Enric join IG Asia 2020

CIMC Enric, the world's largest industrial gases cylinder manufacturer, joins IG Asia's inaugural event in 2020 bring the latest innovations and applications in gas storage, distribution and supply.

CIMC ENRIC actively advocates the low-carbon economy, striving to provide products and services with a performance more environment-friendly, stable, efficient and safer than ever for the energy, chemical engineering, automotive, medical and food equipment industries. All endeavors will be taken to ensure its role as a leading key equipment manufacturer and provider of engineering services and system solutions, with a view of contributing to the technological advancement and industrial development of the energy, chemical engineering and beverage equipment industries.

Come and meet CIMC Enric, experience their solutions and technology first hand at IG Asia 2020 from 27-28 May on stand T23 at Makkasan Expo Halls, Bangkok. [www.IGasiaExpo.com](http://www.IGasiaExpo.com)

## 2020 Asia Gas Market & Investment Summit

Alongside the IG Asia 2020 Expo will be free-to-attend industrial gases conference programme with highlight topics including Belt & Road Initiatives, Investment Forum, Thailand and Vietnam Country Reports, ASEAN Market Opportunities and Technology Technical Sessions.

The conference is now open for paper submissions, make sure your projects, your innovations, your technologies are represented in the 2020 conference in May. To secure your place in Southeast Asia's most important industrial gases conference, exhibition and networking forum please contact the organisers directly, exhibitor, speaker and sponsorship packages are available: [gas@aes-exhibitions.com](mailto:gas@aes-exhibitions.com)
